

Community Film Screening

We invite you to attend a screening of
Celling Your Soul on
Thursday, January 31 from **6:30 p.m. to 8:00 p.m.**
High Meadows School Community Center

Celling Your Soul is a powerful and informative examination of how our young people actually feel about connecting in the digital world and their love/hate relationship with technology. It provides empowering strategies for more fulfilling, balanced, and authentic human interaction within the digital landscape.

“Very useful and engaging. Like fish in water, we have come to rely on anytime/anywhere access to information, content, and each other. This is especially true of young people growing up in today’s digital environment. This film takes the fish out of water for a fresh perspective on its bowl – and the broader world around it.”

-Dr. Scott W. Campbell, Professor University of Michigan
