

Positive Discipline Parenting Workshop

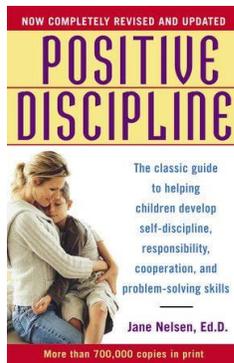

We invite you to join us for single-day workshop on
Tuesday, February 28 from 9:00 a.m. to 2:00 p.m.

High Meadows School Preschool Classroom

Come learn some common sense solutions to parenting challenges with Director of Support Services Sue Amacker. Positive Discipline is for parents who are looking for long-term parenting skills that will encourage their children

- to think for themselves
- to become more responsible
- to have a greater respect for themselves and others

We will focus on non-punitive, respectful methods that will incorporate kindness and firmness into parenting, help parents get to the core of their child's misbehavior, bring more joy into the home and give parents a sense of accomplishment.

“Positive Discipline teaches young people from an early age to become responsible, respectful, and resourceful members of their communities. Recent research tells us that children are hardwired from birth to connect with others, and that children who feel a sense of connection to their community, family, and school are less likely to misbehave. Positive Discipline is based on the understanding that the key to positive parenting is not punishment, but mutual respect.”

Dr. Jane Nelson

This single-day workshop is designed for parents and includes lunch. Price: \$100
